OUR GUITAR THRONE, YOUR COMPOSITION MASTERPIECE

Awarded for innovation, Guitar God specialises in guitar performance and practice seats & stands. Inviting a renowned guitarist, industrial designer and fine artist, all masters of their craft, to our team, we joined hearts and hands to create a winning combination of premium quality, elegance, comfort, functionality and durability.

Awarded for innovation, we present the Guitar God 2020/2021 collection, exquisitely handcrafted from the finest materials in Europe only to provide guitarists with unrivalled practice and performing experience. Our extensive selection of colours, materials and designs coupled with personalization and customization possibilities allow the guitarist to compose their very own guitar throne and design a unique, personalized guitar stand & holder for a complete guitar set.

Create your signature (master)piece with us and wake up the Guitar God in you.

GUITAR GOD. Essential to your musical expression.

DELUX

BASIC

HARMONY

Harmony seat/stand/footrest combo is a winning combination of comfort, elegance, functionality and durability, providing a classical guitarist with unrivalled practice and performing experience. Exquisitely crafted in premium Slovenian wood, each detail is carefully thought- out to serve a specific purpose.

With a game-changing foot ring, Harmony serves both as footrest and guitar stand enabling perfect posture and providing a safe harbour for the guitar after a brilliant session. Combining versatility with elegance, the magnetic contact mechanism of the seat top elegantly opens up to the storage shelf underneath the seat only to provide extra room and a pickholder to keep your guitar accessories, from picks to sheets, close at hand. Four hardwood legs provide stable support while its padded seat cover ensures maximum comfort. This timeless classic blends perfectly into any background and works magic when it is “his” turn, whether in a concert hall or a practice room.

FOOTREST

GUITAR STAND

STORAGE SHELF UNDER THE SEAT

1969

1969 swivel seat is the answer to all guitarists who believe correct seating position and height adjustment is key to their playing, let alone health.

While its hand-crafted oak frame fully supports you, the manual screw-lift system with a lock holds the seat firmly in position so that you can focus entirely on your music. The 24-mm thick and 250-mm long screw elevation makes 1969 suitable for all the guitarists who measure between 165 cm and 190 cm in height.

PRODIGY

With two semicircular footrings, Prodigy is indispensable to all acoustic, electric and bass guitarists, whether left- or right-handed. The footrings, placed at different heights, add to your playing comfort and help you maintain the perfect posture whatever your playing style. Add-on: Guitar stand in metal base colour can be attached to the seat on four different sides. Once the guitarist finds their sweet spot, the guitar stand is placed on the opposite side of the stool to ensure it goes unnoticed during the session. With a special guitar- holding band tied to the stand to provide extra protection, your guitar is in safe hands while waiting for its turn.
