A business premise with an already established business is being sold in Ravne na Koroškem.

The catering establishment deals with serving food and measures 191 m², including 100 m² of land.

The establishment is located in the area of a block settlement, in a frequented location.

The building was built in 1996. It is fully equipped for food catering.

The building is heated by a heat pump and operated with low operating costs.
